Except when placed on the curbside for collection your trash and recycling containers must be stored behind your building line (behind the front of your house).

Receptacles must also be substantially screened from view from the street. For example, this can be achieved with an enclosure, privacy screen, or landscaping. There are many other creative and acceptable ways to comply.

You must also be aware that containers cannot be left on the curbside past 10 a.m. on the day following your scheduled pickup.

We invite you to do your part not only to help us keep our city clean and safe, but to continue to make Berea a great place to live!
