

Northeast Ohio Regional Sewer District Summer Sprinkling Program for Owner-Occupied Residential Customers

The Northeast Ohio Regional Sewer District has adopted a **Summer Residential Sprinkler User Charge Program** which will provide a major benefit to owner-occupied residential customers.

Residential water usage increases during the summer months because of lawn sprinkling and other seasonal use. Most of this additional water does not return to the sanitary sewer system. This program will tend to lower sewer bills by not charging sewer rates for additional water use during the summer. Summer residential sewer bills will be based upon winter consumption, unless actual summer consumption is lower.

The program will be in effect each year from May 1 through September 30th, and is **for billing months of May, June, July, August and September ONLY**.

The program is for owner-occupied one, two, three, or four family residences. To qualify for the program the **homeowner must fill out the application and return it before April 30th**. You do not have to reapply each year unless you move.

There is no fee for this application or to participate in the program. Information for this application must be provided by the homeowner.

If you have any questions, please contact the City of Berea Water Billing Office at 440-891-3308 or email waterbilling@cityofberea.org.

Please note:

- Retroactive discounts cannot be given
- You do not need to re-apply for the program each year, unless you move
- This program is for owner-occupied residences only

Summer Sprinkling Application

Please complete the following

Name: _____

Address: _____

Account #: _____
